

# Springtime Tallahassee Parade 2015

Saturday, March 28, 2015

This is the information that CARE gave to the volunteers prior to the Springtime Tallahassee Parade. We had a really good volunteer turnout (18 volunteers) and were able to bring all adoptable dogs and some dogs who were previously in CARE (adopted by staff members - ex: Dr. Cavell brought Jack, etc). Everyone met at NAH to get t-shirts, sign in, and eat breakfast (bagels). Walking from Northwood to the staging area worked really nicely. We had two wagons (Dr. Brown's and Dr. Brumfield's) for water (both for dogs and volunteers), candy to pass out, and as a place to pile volunteer jackets, dog toys, poop bags, CARE brochures, etc. Next year I would be more careful to count the number of seats in each car and the number of volunteers/dogs we have. We ended up very squished with the wagons & dogs in the cars as well. Before the parade started we took a group picture with our CARE banner and took the adoptable dogs around to get pictures with other groups in the parade (ex. with the Elvis impersonators and other people in cool costumes). This made for some really cute Facebook posts - make sure to get volunteers in these pictures when possible! Although we did not get any donations before/during the parade, overall the parade was well received by the dogs, volunteers, and public. We even found one dog (Bo) a home with one of the parade spectators!
